

State of Israel

Dear Sir or Madam,

Shalom,

the Government of the State of Israel, via Inter-Ministerial Tender Committee, has initiated a Request for Information (RFI) process towards the preparation of an international tender – of national importance - for the Design, Construction, Commissioning, Operation and Maintenance and Financing of a Biological Treatment Facility for Contaminated Groundwater at the vicinity of the Israeli Military Industries site at Ramat-Hasharon.

For convenience, The RFI publication notice dated February 2, 2017 and RFI document are attached hereto. Note the binding versions of the documents are the versions uploaded to either of the websites indicated below.

These documents and others that to be issued with respect to the RFI Process, are available for online review and download, free of charge, from the Government Procurement Administration of the Ministry of Finance at:

<https://www.mr.gov.il/officestenders/Pages/officetender.aspx?PID=593402;>

or from the Water and Sewage Authority's Website at:

[http://www.water.gov.il/Hebrew/Tenders/Pages/RFI-Ramat-Hasharon-Groundwater-Contamination.aspx.](http://www.water.gov.il/Hebrew/Tenders/Pages/RFI-Ramat-Hasharon-Groundwater-Contamination.aspx)

Date for submission of the RFI Response to the Inter-Ministerial Tender Committee – **April 2, 2017.**

We would be grateful if you would draw the attention of entities who may find interest in participating in the RFI Process.

Any question or clarification sought with respect to the RFI Process should be addressed directly to the Inter-Ministerial Tender Committee in accordance with the guidelines provided within the RFI document.

For the sake of clarity may it be added that making this RFI Process known to any entity cannot and should not be construed as the Inter-Ministerial Tender Committee's confirmation to the capabilities or experience of such entity.

Thank you,

The Inter-Ministerial Tender Committee
