RURIS®

power for nature

Products for professionals, high quality and latest technology

Established in 1993, **RURIS** is the most important Romanian distributor of gardening machinery covering a whole range of activities. Based on our over 20 years of experience we are able to supply a full range of products with high performance, high adaptability and affordable prices.

Our motto "POWER FOR NATURE" led the company to create products with high reliability and high productivity, in accordance with EU requirements and standards.

RURIS has its own research, development and innovations department.

RURIS fully designs the equipments and test them according to the European standards.

RURIS innovations for the needs of domestic users:

- *Tiller and motormower - innovative gearbox - increased strength*
- *Tiller and motormower - shape of knives - 50% faster processing*
- *Motormower - reliability of transmission and self-maintaining system*
- *high productivity and low fuel consumption.*

Distribution

- National and international distribution
