OFFICE OF THE COMMERCIAL COUNSELLOR**

Budapest, 21.12.2021

Subject: Buying Mission Programs in Turkey

**Hungarian Chamber of Commerce and Industry
Regional Chambers**

Dear Madam/Sir,

Attached please find a calendar with Buying Mission Programs to be organized in Turkey in January-February 2022.

The Buying Mission Programs are organized on the occasions of international fairs, by Turkish chambers and associations, under the auspices of the Republic of Turkey Ministry of Trade, and cover meetings with key representatives of Turkish exporter/producer companies operating in the given sectors. Taking part in such a program will help firms build business relations by starting bilateral talks with each other right on the spot.

Please note that accommodation including breakfast and local transfer costs of the participants (one representative from each company) will be covered by the Turkish Ministry of Trade.

Interested firms can apply for participating in the Buying Mission Program by filling in the attached *application form* and sending it to the Turkish Embassy Office of the Commercial Counsellor by e-mail (budapeste@trade.gov.tr) by the given deadlines.

For the success of the programs, it is always preferred that representatives of the companies pay attention to the dates of the programs, avoid cancelling participation at the last moment and can negotiate preferably in English (French or German).

I would be most obliged if you could inform your members about these events.

For further information please do not hesitate to contact me.

Best regards,

Meral ŐENGÜL
