ÎMPREUNĂ PENTRU AFACEREA TA

Dear Partners from the Chamber of Commerce and Industry,

Our romanian printing company SC BUGARUTRANS SRL kindly asks the contact details of a Hungarian company that can provide technical maintenance (service) for HP Indigo pre Press printing machines.

We are requesting this help because our company has purchased the HP Indigo WS 6000 digital press and the HP Indigo 7000 digital press, both of which require service maintenance.

We intend to conclude a maintenance contract with a specialized company from Hungary, in which sense we look forward to your reply.
